

Rachel Iron-on

This is an activity to do with an adult. You'll need iron-on paper.

Print this page using the iron-on paper (the images are backwards here so that they come out properly when ironed on). Cut out the logo and Rachel being careful not to scratch the surface of the paper. Follow the directions that come with the iron-on paper for applying to a shirt or other clothing.

Rachel

See you tomorrow for a new activity!
