Print out and have fun!

Race to the finish line!

Print this page out twice. Cut out the finish line along the outside edges. Then tape the two pieces along the top edge. Fold tabs on the dotted lines and tape to a table or the floor. Using the Cody's Crew models you've already built, get ready to race. The first one to blow their character across the finish line wins!

Good luck!

See you tomorrow for a new activity!
