

Get mobile with Cody's Crew! SHEET 2

Ask an adult to help you with this activity. This is the second of 2 sheets you'll need. See yesterday's activity for the first sheet. Cut out the characters on the dotted lines. Tape a length of string to the back of each character then fold on the solid line. Tie on to unsharpened pencils, or other similar sized sticks. Adjust the position of the strings along the sticks so that they balance. Make some strings longer than others.

Hang out of reach of small children

Example:

Fold along this line

Fold along this line

See you tomorrow for a new activity!
